REUSEIT SYSTEM

The revolutionary way to install flooring! Now you can install virtually any floor surface over any existing subfloor without messy adhesives, or having to hire expensive flooring contractors. A semi-permanent installation with permanent performance and feel!

The ReUseIt system gives you all the benefits of a permanent installation with the ease of a semipermanent installation without the use of top tape or the hassle of resetting your floor every two years. Yet when you need to remove the floor you simply roll it up and take it away. Simply purchase new supply of ReUseIt and install at your new location. Used ReUseIt can be removed from the sub-floor and thrown away. You can install it yourself and it's goof proof.

Just follow the easy directions that come with each roll!

- **Full rolls only** • 1 lm x 25 lm (3.25' x 82.5')

Caution: Exposure to extreme or variable heat conditions can cause failure. Contact Stagestep at 800-523-0960 with questions. Do not apply over luan or any underlayment containing an oil-based finish. Consult with your Stagestep representative for compatibility issues. Do not use with Timestep T.

FLOORING SYSTEM ACCESSORIES

NEW!

VENTED WALL BASE

Stagestep's unique vented wall base can be installed before or after the dance floor surface. The special backing material allows the area below the subfloor to constantly ventilate. The vinyl base material can also be heat welded to the dance floor surface if desired. Ventilated floor systems maintain the floor's dimensional stability, and help reduce any possible moisture build up below the subfloor. Sold in 78 3/4" long sections. Each section is 4" high with a 2" toe.
